EDDIE GREEN AND COMPANY
SCORE ANOTHER HIT AT THE
BOOKER WASHINGTON.

Eddie Green and his company of capable players are offering, at the Booker Washington, their first other show since the week. The comedy vehicle which they are scoring a hit with is called "A Sleepless Night." It is a comedy in a hotel where the hotel is so uncomfortable that the lodgers have a series of unwholesome experiences in sleeping and dancing by nearly costumed vivacious and pretty girls. The actress, Miss Phillips, is a real star with the place and her pal to rob the place and the complication is full of red hot scenes which strike a little fear into the audience. Eddie Green again scores as a comedian and is ably supported by his talented wife and Lee Bowes. The dancing is nifty and the singing is of the best. Estelle Carroll has another some success in "The Heart of a Woman." Miss Phillips is the star in "Hallelujah Bay," one of the nightmares, is an artistic feature. Miss Phillips is a real star in "A Man Born of a Dark Woman." It is sure bound to see Park Woman. It is a serious. There are a number of scenes of dancing and some numbers by the principals, assisted by the girls. This show's a hit and the audience last and goes over with rhythm and harmony delightful to observe. The engagement will close Sunday night and should be given all attention rec'd for the season.

NEXT WEEK
It is a serious. There are a number of scenes of dancing and some numbers by the principals, assisted by the girls. This show's a hit and the audience last and goes over with rhythm and harmony delightful to observe. The engagement will close Sunday night and should be given all attention rec'd for the season.

THE RIGHT TO HAPPINESS AT THE JESTA-MERE.

Another truly great feature picture will be shown at the Jesta-Mere this Sunday and Monday when Dennis Phillips will be seen in "The Right to Happiness." In this picture, Miss Phillips plays a dual role. The other is as the pampered daughter of a millionaire. The girl meets when the Russian sister steps into the room of her own father at the bottom of a cliff. She is shot and killed and her supreme sacrifice changes her father's life. The American twin marriage her father's favorite form.

"BIRTH OF A RACE" TO BE REPEATED.

The "Birth of a Race" scored such a big hit at the Jesta-Mere during the past week that Mr. Pittman has given it to the Jesta-Mere again. It will repeat the big spectacular drama on Sunday and Monday, February 1 and 2.

"MIRACLE MAN," "L'APACHE" AND "THE MAN BEHIND" FEATURES AT THE PENDLETON.

Dorothy Dalton in "L'Apache" will be the attraction at the Pendleton Theatre this Sunday and Monday. Miss Dalton plays the dual role of an Apache dancing girl and a rich American girl who becomes the victim of the Apache's daughter of a millionaire.

"The Miracle Man" will be seen, for a return engagement, on Tuesday.

The picture deals with the tortures and cruelties operating in New York's Chinatown, who learn of an ancient native Indian living in the country and possessing the power to heal the sick and make whole the crippled.

With the idea of making money out of the Indian, the torturers and their pals go to the deaf and blind healer. Then commences a transformation in the torturers that makes one of the most fascinating stories of all time.

Sessue Hayakawa in "The Man Behind" will be the Wednesday feature.

And the picture repeats the story of black hand intrigue, Oriental mysticism and exciting dramatic situations that have a hold on audience in suspense to the final scene.

The Japanese star does some convincing work in his part, masterly in manner that is too rare among screen actors.

WILLIAM S. HART RIVALS AIR-PLANE IN LIGHTNING JOURNEY.

Covers Two States by Walking Out of a Motel Shop Door in Picture. A Comedy.

Bill Hart's "Lightning" smashed all records for speed in traveling. He started to a modest shop in New Orleans, La., and walked out of it again in Hollywood, Cal. What the two men made in doing it in record time in California is something else again. An audience at the Comedy Theatre.

George Loane Tucker in "The Petticoats," the star's latest Paramount-Artcraft film, supervised by Thomas Hart, will be shown. The movie shop is the most attractive during a large part of the action. The whole company journeyed to New Orleans, where they were entertained by the legislature and "shot" exteriors. Then they returned to the Hart studios at Hollywood, where the interior of the shop was reproduced by the property men and carpenters and the inside scenes made. That Bill Hart's speed.

Unlike most Hart pictures, "John Petticoats" is said to abound in comedy, in addition to the melodrama story. Whifford Westover is the leading woman, and the picture was directed by Lambert Hillyer.

MARY PICKFORD IN "HEART O' THE HILLS" AT THE STAR.

Mary Pickford, the little mountain lass, in "Heart O' The Hills," will come to the Star.

The production shows Mary as she has never been before. A mountain girl, afflicted with a hark mother, she is destined to be a mountain queen proclaiming that all future hickory-stick Pickings shall be abandoned, that all the "hicks" can never be her father, and that the legend aristocrats shall scorn her.

With the number of stars the Star will be Route 22, in "Kitty Kelly, M.D." on Thursday; Harold Lockwood in

are the chief ingredients in

"Should a Husband Forgive?" the
big William F. Cody picture which will

be shown at the Crystalton on Saturday.

In this superbly staged photoplay of modern life, R. A. Walsh, who

wrote and directed it, has done some

of the best human interest, moving

the harrowing pictures.

"Price of Hope" is the first

team effort of the year.

In addition to being an especially

thrilling dramatic production, it is

the most interesting series of the

interesting pages of American history,

and does it in such a way that the

children not only accept it as an

interesting page, but also learn the

memorable educational factors of the

production.

With these facts before me I thought
it right to recommend this hospital
as a suitable one for our Negro
people who are in need of medical
and surgical attention, the best that
we could get, to every man injured
while in our employ.

After a careful investigation we
have decided that there is no hospital
in St. Louis that will give us the ser-
vices we want. Our representative and
our surgeon personally investigated
the hospital and reported most favor-
ably. We have no objection to the
question our employees as to the treat-
ment they received while there and we
are pleased to say that we have
never had one single word of com-
plaint.

With these facts before me I thought
it right to recommend this hospital
as a suitable one for our Negro

The Three Great Purifiers

The Great Blood Purifier

Recommended for the Treatment of Eruptive Skin Diseases, Chronic Catarrh, Rheumatism, Gout, Lumbago and All Conditions Caused by Impure Blood

Two of the greatest purifiers in the world are sun and water, and on both depends life.

As a purifier of the blood, no preparation stands higher than Plough's Prescription C-2223. For years and years this liquid prescription was used by a successful physician in his private practice. He found that this particular formula gave the best results to those of his patients who were suffering from some constitutional blood disease. In time this doctor made quite a reputation both for himself and the prescription which he used; today a large number of bottles are required by druggists to supply the demands of those in need of this meritorious preparation.

In the treatment of Chronic Rheumatism, Catarrh, Scrofula and other similar diseases of the blood, Plough's Prescription C-2223 has given relief to thousands. Despairing, helpless sufferers have secured benefit from this liquid prescription where all other advice and treatment had failed.

If you are suffering from a condition caused by bad blood, or you fear that the poisons and accumulations have never been entirely eliminated from your blood, you should begin now and take the Plough's Prescription C-2223 Treatment. This liquid preparation contains no Morphine, Cocaine, Strychnia, Chloral or Mercury; on the other hand, it is composed of certain medicinal ingredients, all of which are well known to medical authorities as being very effective in the treatment of Rheumatic and Blood Troubles. The very best materials and the greatest care are exercised in the preparation of this splendid treatment, so that you can be sure that if you follow the directions given as to its use, you will be greatly benefited if not permanently relieved.

In the treatment of Chronic Rheumatism, Catarrh, Lumbago, Gout and Sciatica and any condition due to bad blood, it is important that the liver be active. To stimulate the liver, relieve constipation and keep the bowels in a healthy condition, Plough's C-2223 Liver Pills are especially recommended. They do not

nauseate and can be used by those who cannot stand a dose of calomel or other drastic purgatives.

Plough's Prescription C-2223 can be supplied you ready prepared by druggists at \$1.50 a bottle; the Pills at 25¢, or if you are unable to get the treatment from your home dealer, send \$1.75 to the 2223 Laboratory, Memphis, Tenn., and the package will be mailed you postpaid. You can get a free sample of the Pills and literature by writing.

ARTICLE XIV. CONSTITUTION OF THE UNITED STATES.

Citizenship Rights Not To Be Abrogated.

1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No State shall deprive any person of life, liberty, or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

THE CHICKENS COME HOME TO ROOST.

Now comes a great howl from the editors of many of the Southern newspapers because certain Northern States are claiming "State's Right" in their attempt to nullify the Eighteenth Amendment to the Federal Constitution (the prohibition amendment).

Some of those editors have suggested secession from the Union to be abide by the amendment which makes the Nation dry.

The Richmond Virginian deplores the idea of any State claiming "State's Right" when it is enforcing a Federal amendment to the Constitution of the United States.

Quoting the exact words, we read: "The whole truth is that the right of no State extends to preventing the ratification and enforcement of a constitutional amendment adopted in the mode provided by the Constitution itself. These alleged rights of the States, which are being urged to say John Barleycorn in these two small States, can not be considered State rights except by minds which have been unduly influenced by whisky—or insanity."

The howl is as clear-cut in that it holds that the right of no State extend to preventing the enforcement of a Constitution amendment regularly adopted.

But why has this paper been so silent on the Thirteenth, Fourteenth and Fifteenth Amendments to the Constitution?

The State of Virginia is one of those Southern States that is "dodging" behind State Rights in denying the ballot to the Negro and at the same time, this same State is operating Jim Crow cars under the guise of State Rights. We are pleased to see something come up that is to the credit of the Virginian.

The Atlanta Constitution warns the Northern States that unless they want to be independent States, they must not claim States' Right in dealing with the liquor question and has this to say: "Until New Jersey elects to draw out of the Union and become an independent government, the best thing it can do is to abide by the law."

"And if she 'steps out'—well, just remember 1860."

"It didn't work then, and it won't work now."

We are glad to see that of her own medicine. For many years she has not only abided by the Thirteenth, Fourteenth and Fifteenth Amendments to the Federal Constitution by the subterfuge of State Rights, and the Atlanta Constitution backed her up in it, but now a great howl is raised because the Northern States are about to undertake to do the thing these Southern States have done for many years.

We suppose that the newspapers, like the statesmen of the South, think disregard for amendments to the Constitution of the United States only belong to the Southern States.

Remember, the chickens come home to roost.

SOUTHERN REPRESENTATION IN CONGRESS.

There is much talk about the reduction of the representatives from the Southern States where the Negroes are disfranchised, as a means of forcing the white people of those States to grant Negro suffrage in order that they may regain their power in the Nation's greatest law-making body.

It appears that the the proper and just thing to do in this case is for Congress, as it is duty to enforce the Fifteenth Amendment to the Federal Constitution by appropriate legislation. That power is given Congress as a part of the amendment.

The much-falk about reducing Southern representatives seems to us like dodging the issue. The thing we want, and justly so, is votes for the South for the Negroes.

What good will it be for us if the representatives are reduced from 100 to 80, when we still outnumber the 100? The Republicans in Congress have in the last allowed the 100 to enter the Presidential race with electoral votes of all the Southern States counted in their favor, all because Congress has failed to do its duty. With the Negroes disfranchised in the South, the Democrats have only to work for a few Northern States for a majority in the electoral college. So why should the Republicans talk about reducing representatives and let the Democrats control the real big jobs? If the past eight years have not been a sufficient lesson, the leaders of the Republican party are pretty dense.

To our mind, constitutional rather than reduction would be the best program for the G. O. P. leaders in the present Congress.

THEIR CONSCIENCE BE THEIR GUIDE.

Two of the afternoon daily papers are devoting much of their news and editorial space to the alleged gambling in St. Louis County. As gambling is a crime against society, it seems that neither "newspaper" expense is spared in their efforts to force Governor Gardner to act.

Of course, crime is crime. But the character of a crime is how we measure its effect upon society. Not long since a very heinous crime was committed in this State—meph murder was committed, a lynching took place near Moberly. These papers condemned this outrage in no mistakable terms. But we failed to see day after day their efforts to force the Governor to act. This, of course, was their prerogative. Their conscience alone is their guide. If their conscience says that gambling is a greater crime against society than lynching then the doubtless they will use more time and money to suppress gambling, but if they consider lynching a greater crime against society than gambling, then doubtless, will devote more time and money to suppress lynching.

Not that we believe in gambling in any form, neither do we believe it should go un molested, but we also believe that these two great dailes should go after the big things that go on in this State. Those things that are undermining the very foundation of constitutional government.

Let your conscience be your guide.
